RE: **RESCUE 62 IN-SERVICE**

Effective December 14, 2013: Rescue-44-Able will be re-designated as Rescue-62. The unit will be located at Fire Station #44 until January 3, 2014, when Fire Station #62 is projected to open.

The Rescue Captain will be permanently assigned, and the unit will be in operation 24/7. No other promotions will take place until Fire Station #62 is in-service and the request for change (RC) paperwork has been completed.

Rescue-44-Able will return once Fire Station #62 is officially in-service.

Thank you for your cooperation.
