

FIRE AND RESCUE DEPARTMENT

October 9, 2014

INFORMATIONAL BULLETIN #14-52

TO: All Fire and Rescue Personnel
FROM: Ivan T. Mote, Division Chief/Rescue *ITM*
RE: **Ebola Hemorrhagic Fever**

Attached is the latest guidance from the CDC and the DOH-Duval on Ebola Hemorrhagic Fever Screening for EMS. Please print a copy and attach on units in a high visibility area for employees.

Strict adherence to Standard Precautions and proper decontamination of the patient compartment including stretcher, ECG leads & cables, SpO2 sensor & cable and blood pressure cuff & hose with a 10% hypochlorite solution must be conducted prior to placing another patient in the patient compartment and/or returning the unit to service.

Please contact you Battalion or District Rescue Chief with any questions.

Thank you for your cooperation

ITM/jsg/af
